Attention: Certificate of Correction Branch

March 13, 2007

Sir:

It is noted that an error appearing in this patent is of a typographical nature or character, as more fully described in the attached Certificate of Correction. The error occurred as a result of the Patent and Trademark Office's (PTO) mistake.

Specifically, Claim 10, Column 14, Line 51 of the issued grant needs correction. The phrase of "transmitting from a remote host to a fit target computer on" should be changed to --transmitting from a remote host to a first target computer on--

Correction thereof does not involve changes in the patent that would constitute new matter or that would require re-examination. Approval of the attached certificate of correction is requested. Attached hereto, is Form PTO-1050, suitable for printing.

Respectfully submitted,

/SPW/
